LATE PAYMENTS, SHUT OFFS, DOCTOR CERTIFICATION & RETURNED ITEMS

A 10 percent penalty shall be added to any account in which payment in full is not **received** before the close of business on the due date. In no case will the due date be less than nineteen (19) days from the bill date. (Section 31-19 Municipal Code)

Unless payment of a water bill is received within sixty (60) days following the **bill due date**, service shall be discontinued without further notice. (Section 31-20 Municipal Code) A deposit may be required.

Any water bill not paid in full by the final date shall be subject to a reinstatement fee which shall be added to the account. The reinstatement fee is due and payable with the delinquent balance. The amount of the reinstatement fee shall be established by resolution of the City Council. (Section 31-22 Municipal Code) The City's complete disconnection policy can be found at **<https://www.escondido.org/utility-billing.aspx>**

Upon certification by a doctor that termination of service would result in life-threatening conditions and if you are unable to pay the delinquent bill in full, you may request amortization of the unpaid balance over a period not to exceed twelve (12) months. A written request for amortization of the outstanding balance must be **received** within ten (10) days of the date of the Final Notice to be considered by the City.

There is a charge for each item returned by the bank.

WATER SERVICE CHARGE

Good water service requires that water be available to you at all times. Fixed water service costs such as maintenance of storage facilities, pipeline repair, meter reading, billing and monitoring of water quality continue each month regardless of the amount of water you use. These costs are included in the "Service Charge" as a constant amount each bill. This charge is based on the meter size.

WASTEWATER CHARGES

Residential wastewater charges include a fixed charge and a use charge based on wastewater flow. Wastewater flow is calculated using a defined percentage of the average winter water use per customer, from December to March of the previous winter. Wastewater flow is capped at 10,000 gallons per month for single family residences and 8,000 gallons per month, per unit, for multi-family residences and mobile homes. For additional information on rates and fees, please visit the City's website at www.escondido.org/utility-billing.aspx and click on Utilities Rates and Fees Schedule.

QUESTIONS REGARDING YOUR BILL

If you have a question regarding this bill or a dispute with respect to the amount charged, you must submit your complaint or request for an investigation **in writing to the City of Escondido Utility Billing Division at P.O. Box 460009, Escondido, CA 92046-0009 within five (5) days of receipt of this bill.** Please include your name, address, daytime telephone number, and account number. If it is determined that an investigation is warranted, your service will not be terminated until the investigation has been completed and you have been notified of the City's decision. You will then be given an opportunity to pay the bill to avoid termination of service.
